All ten DL variants share the same English-stored position names, so every #anchor above works identically across languages.

The Impatient Kangaroo — DUK (DE) · TIK (EN) · localized names

7 levels × 10 language variants. Slugs are identical across languages, so a link shares cleanly between players of different languages. The DUK acronym is German-only; English is rebranded TIK; JP/CN/UA/IT/ES/PT/KO/FR use the full localized name.
